

Thermoforming

Hi-Tech machines

22BM - 30BM

In-mould cutting thermoforming machine
(air pressure forming)

Mould dimensions :

550x360 to 750x360mm.

Sheet transfer by servo-motor.

PLC controlled.

22TM - 30TM

In-mould cutting thermoforming machine
with rotating mould (air pressure forming)

Mould dimensions :

550x430 to 750x430mm.

Sheet transfer by servo-motor.

PLC controlled.

POLYFORM "S"

In-line forming & cutting machine by steel rule
cutter (air pressure and/or vacuum forming)

Mould dimensions : 650x500mm.

Sheet transfer by servo-motor.

Forming & cutting press driven by hydraulic
system.

PLC controlled.

POLYFORM "80"

In-mould die cutting machine by steel rule
cutter (air pressure and/or vacuum forming)

Mould dimensions : 800x600mm.

All movements by servo-motor.

PLC controlled.

As well available with separate, in-line,
cutting press by steel rule cutter.

ROTOFORM

Two-step forming & cutting machine
(air pressure and/or vacuum forming)

Mould dimensions : 900x800mm.

Cutting area : 850x380mm.

Sheet transfer & forming Press by servo-motor.

PLC controlled.

Complete in-line Extrusion & Thermoforming plants
are also available.
