Polyethylene terephthalate
PET Sheet

AGRIPAK
OVER 60 YEARS EXPERIENCE IN THE PLASTICS
CHALLENGING THE GLOBAL MARKET

Sheet in supply :

- Sheet thickness : 150-1550 μ
- Sheet width : 40-1250mm

- Core size : 6" standard (3" and 8" available)
- Roll O.D. : 730mm standard (up to 1000mm)

- Recycled grades available
- Metallization available

- Gloss and matte available
- Anti-fog material available

- Silicone coating available
- Corona treatment available

Main applications :

- Containers, trays :   fruit & vegetables
- Containers, trays :   meat & delicatessen
- Containers, trays :   fresh pastry & pastries
- Containers, trays :   biscuits & chocolate candies

Main characteriscts :

- Excellent clarity
- Excellent stiffness (enabling thickness-reducing)

- No taste & odor (of primary importance for food)
- Forms easily with good definition

- Compliant with F.D.A.

Technical specifics :

Technical specifics :	Value	Unit	ASTM test method
- Specific gravity :	1,34	gr/cm3	-
- Machine Direction Shrinkage :	150-400μ ≤8	%	-
10x10cm (140°C-30min.)	400μ ≤4	%	-
- Transversal Direction Shrinkage :	150-400μ ≤4	%	-
10x10cm (140°C-30min.)	400μ ≤2	%	-
- Clarity :	>90	%	D1003
- Haze :	<10	%	D1003
- Total light transmittance :	>85	%	D1003
- Gloss (45°) :	>90	%	D2457
