

# Thermoforming

Hi-Tech machines

## 22BM - 30BM

In-mould cutting thermoforming machine  
(air pressure forming)

Mould dimensions :

550x360 to 750x360mm.

Sheet transfer by servo-motor.

PLC controlled.

## 22TM - 30TM

In-mould cutting thermoforming machine  
with rotating mould (air pressure forming)

Mould dimensions :

550x430 to 750x430mm.

Sheet transfer by servo-motor.

PLC controlled.

## POLYFORM "S"

In-line forming & cutting machine by steel rule  
cutter (air pressure and/or vacuum forming)

Mould dimensions : 650x500mm.

Sheet transfer by servo-motor.

Forming & cutting press driven by hydraulic  
system.

PLC controlled.

## POLYFORM "80"

In-mould die cutting machine by steel rule  
cutter (air pressure and/or vacuum forming)

Mould dimensions : 800x600mm.

All movements by servo-motor.

PLC controlled.

As well available with separate, in-line,  
cutting press by steel rule cutter.

## ROTOFORM

Two-step forming & cutting machine  
(air pressure and/or vacuum forming)

Mould dimensions : 900x800mm.

Cutting area : 850x380mm.

Sheet transfer & forming Press by servo-motor.

PLC controlled.

Complete in-line Extrusion & Thermoforming plants  
are also available.
